

Autumn Tompkin

autumn@alumni.duke.edu | (214) 883-5220 | [linkedin.com/in/autumn-tompkin/](https://www.linkedin.com/in/autumn-tompkin/)

Cybersecurity Analyst | Risk, GRC & Security Operations

CERTIFICATIONS: CompTIA Security+ | ISC2 (CC) Certified In Cybersecurity | PMI (CAPM) Certified Associate PM

CYBER PROJECTS:

Threat-Based Risk Assessment (NIST SP 800-30)

Assessed database access risks using likelihood and business impact.
Recommended MFA, least privilege, and network segmentation controls.

Security Audit & Compliance Assessment

Evaluated security controls against PCI DSS, SOC 2, GDPR, and NIST CSF.
Prioritized remediation based on risk and effort.

Incident Response & Log Analysis

Used SQL to investigate failed logins, unusual geographic access, incident windows & outdated systems needing patches.
Documented phishing-related compromise, root cause, business impact, and corrective actions.

Program Coordinator | The Book Incubator

Sept 2023–Present

Nationwide writing mentorship program, helping authors draft, revise, and prepare for publication

- Primary point of contact for 60+ active users, resolving high-volume process and deadline issues through ticket-driven workflows and defined escalation paths
- Monitor status, risks, and completion metrics across concurrent projects, escalating issues as needed
- Document issues and resolution steps, creating clear records and audit trails of decisions
- Coordinate cross-functionally to respond to escalations within my scope and unblock time-sensitive issues

Associate Product Manager | Learning A–Z

July 2022–Nov 2023

Offers 2,000 K-6 educational resources used by over 11 million students and 500,000 teachers

- Managed digital products, Science A–Z and Vocabulary A–Z (\$15M+ value)
- Increased Vocabulary A-Z renewals by 20%
 - Analyzed business requirements, defined user stories, and supported Agile product lifecycle testing
 - Logged defects and replicated bugs with QA and Engineering
 - Led cross functional team to implement requested enhancement and launch win-back campaign
 - Collaborated with Sales to mitigate non-renewal risks, particularly for tier-one clients
- Developed renewal prediction model with Data Analytics, applied across \$100M+ product portfolio
- Initiated KPIs of adoption, stickiness, product engagement score, and time to value

Founder/Consultant | Raine Inc

May 2017–June 2022

Freelance consultancy, providing product, project and marketing management for small business

- Supported small businesses in improving their digital presence, discoverability, and online sales through SEO optimization, profile creation, and strategic platform selection
- Tracked progress against business objectives, timelines, and approved budgets
- Built lead-generation systems and cold email campaigns achieving double-digit conversion rates
- Revamped client websites and launched e-commerce platforms, resulting in 20%+ increase in sales for most partnered early-stage businesses
